Dear friends:

We are sending you copies of the letters sent to the four Chairmen of the Senate and House Subcommittees who will be involved in the decision making process in regard to military assistance to Argentina, by two very important U.S. labor leaders.

The idea is that you use them as "presentation cards" in your contacts with other unions. In our contacts with labor unions we have discovered that it is very important for them to know "who else" is behind the Argentine case in the U.S. labor organizations. It may also be useful as a model letter.

That is all for the time being, 'see you soon.
