I am at that number almost every day.

Dear all at home,

Sorry for having not written in such a long time. The newspapers are coming fine.

I am traveling to New York next week and will ring you from there & possibly this letter arrives after your my speaking

to you.

The Manning is fine and is taking care of her hip. When will the speaker be? I imagine you are now getting into to the summer work & with the cars there is plenty of work.

I am keeping well with a lot of work all the time.

All the best then. I'll be in the States from 13 → 25 June & then come back here. Love to all & love from Dad & Mom.
