

Lunenburg.

Dear Pat

I was glad to get your letter the other day. It is great to hear from you. I got John to read your letter for me. I can only read the night when I am getting very bad and hearing an awful

couple of months. I am going back every couple of months. You seem to have got a good house. I hope it was not too far to buy.

House and land are very dear over here. We all in good health here. T. J. Legum had some blood pressure problem. The doctor gave him tablets. He is improving. T. J. has to lose weight. so he goes walking every night. He has lost 15 lbs and hopes to lose another 15 lbs.

The rest are all in good form. I say the best of Tom Rice about a month ago. He died suddenly. He was all getting Mrs. Jancy also died a week ago. She

was 110 years old and was 16 or 20 years in the hospital. He was a wonderful character up to the very end.

The S. S. ~~club~~ has hit the former lady. We are not too bad as we have no health fit to well at present.

My ~~love~~ ^{love} and Deedrell

are making their confirmation next Friday. They are all growing up. John's team will also be receiving his first holy communion very shortly.

I must finish now. Hope you can make out this scribble. Lots of love to Fatima and all
 God bless you all
 Your fond
 Dad.
