

I know you find life very lonely at home now as indeed Tom and all the lads with Kathleen. Its when I think back on home I realise that Mammy is no longer there but then I thnk on so many good days we all had in the family and that she is really with us all as she is with God. I must say that in this trip I felt she was really helping me along the way as one tried to give a message of hope to the different people along the way.

I imagine you are now well into the Summer work and the lads are cutting the silage. I imagine you are kept busy with cows. And that you are breaking ^{Tommy} the ~~maple~~ grandchildren for the job. I was delighted to hear ^{Tommy} got the work on the Innisfallen. How is Kitty doing? I hope she is back to form again after so much sickness. And Liam? I must get around to sending them all a letter. Here in Venezuela in the community there were glad to see me back particularly in the chapels I attend. I always keep saying that hopefully I will not have to travel as much but then the people are asking that I go here and there.

Well I better be finishing this letter. Otherwise I will leave on the long finger and it will never get sent.

I hope to be stable here now for at least some months. Next week we are having a meeting of the committee of the human rights organization I am working with and so I will be kept busy.

All the best then and I hope to send on some more articles for Avenduz. (There are 2 enclosed)

all the best your
Paul Sa
